Dear Babria,

Just a few lines to say 'I Love you' very much. I miss my little Babria. I hope to see you again soon. We are all well and healthy, and hoping the same of you.

At the moment dad has just got home from work and is reading the newspaper. John is laid on the carpet reading. Mam is washing the floor. They have told me to give you all their love and kisses.

Loving you very much.  
from Christine
